Cyber Resilience Act – Structure

Chapters I–VIII

- General provisions (scope, definitions, free movement)
- Obligations of economic operators & open-source software provisions
- Conformity & CE marking rules
- Notification of conformity assessment bodies
- Market surveillance & enforcement
- Delegated powers & committee procedures
- Confidentiality & penalties
- Transitional and final provisions

Cyber Resilience Act – Structure

Annexes I–VIII

- **Annex I:** Essential cybersecurity requirements
- **Annex II:** Information & instructions to the user
- **Annex III:** Important products with digital elements
- **Annex IV:** Critical products with digital elements
- **Annex V:** EU Declaration of Conformity
- **Annex VI:** Simplified EU Declaration of Conformity
- **Annex VII:** Content of the technical documentation
- **Annex VIII:** Conformity assessment procedures

Stakeholders in the CRA Ecosystem

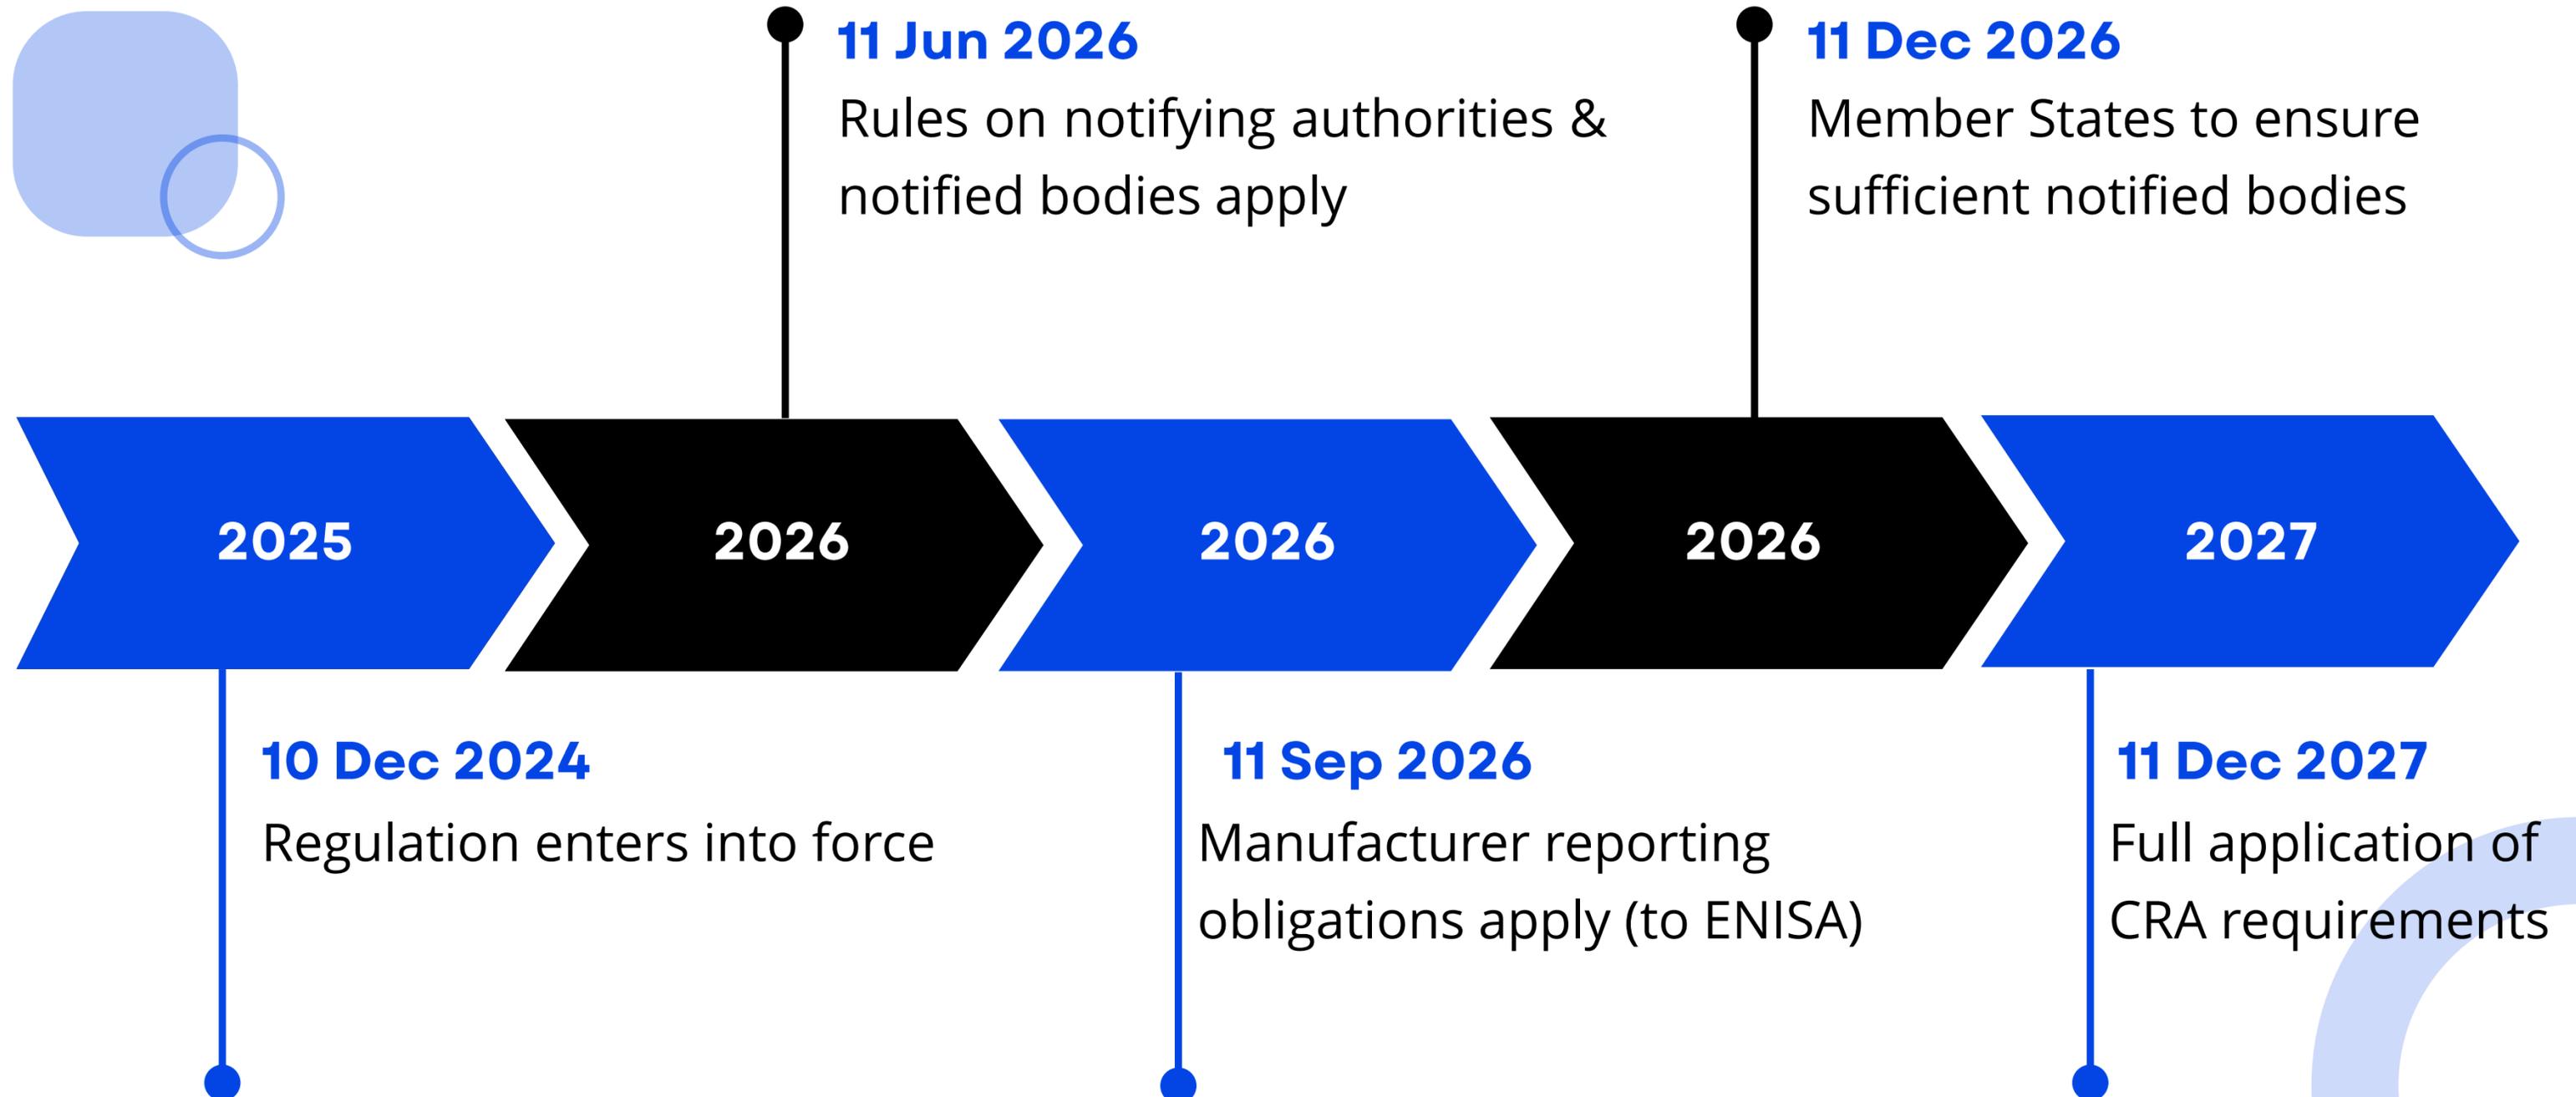

- **Manufacturers** – main responsibilities
- **Importers & Distributors** – gatekeepers of compliance market
gatekeepers
- **Authorised representatives** – represent non-EU manufacturers in the
Union
- **Open-source software stewards** – obligations for FOSS projects with
structured governance

Stakeholders in the CRA Ecosystem

- **ENISA & National CSIRTs** – EU vulnerability and incident reporting hub;
- **Notified bodies** (Conformity Assessment Bodies) – perform third-party conformity assessments (for critical PDEs)
- **Notifying authorities** – designate, monitor and notify Notified Bodies to the EU Commission
- **Users/Consumers** – beneficiaries of secure products and transparent information

CRA TIMELINE

We are already in the countdown: companies now have less than two years to prepare for full compliance.
Start aligning your processes today, not tomorrow!

THANK YOU

FOR YOUR ATTENTION
