

## Newsletter from OSCRAAT!

Here we bring you the latest updates from the OSCRAAT project, providing insight into our achievements, upcoming milestones, and how our tools are designed to help SMEs navigate compliance with the Cyber Resilience Act (CRA).

### 1. Training Session Completed

In late 2025, we successfully conducted four online training sessions designed to help SMEs understand and implement the requirements of the Cyber Resilience Act (CRA). Starting from the basics of the CRA, these sessions covered key topics like CRA applicability, compliance obligations, and the role of standards. Our aim was to help SMEs transition from theoretical knowledge to practical, actionable steps for CRA compliance.

#### Missed a session?

All the training sessions are now available on our official YouTube channel. Watch the recordings at your convenience and get up to speed with the essential CRA compliance

### 2. WP2 Closure

We are thrilled to announce the completion of Work Package 2 (WP2) and the creation of the **Comprehensive Project Requirements Document**.

This phase focused on gathering project requirements and aligning them with the needs of SMEs. Through surveys and meetings, we captured critical feedback that will guide the development of OSCRAAT's tools to support SMEs in their CRA compliance journey.

### 3. Beta Release in February 2026

The OSCRAT Beta release is coming in **February 2026!** This release will allow SMEs to test the nearly finalized OSCRAT platform and provide feedback that will help refine the tool ahead of the official launch.

#### Stakeholder Survey

As part of the Beta release, we invite you to participate in our **Stakeholder Survey**. Your input will help us improve the platform and ensure it meets the needs of SMEs navigating the CRA. Fill out the survey today!

### 3. Upcoming Workshops (Jan-April 2026)

Starting in January 2026, we will host four hands-on workshops that will dive deeper into specific CRA compliance requirements. Each session will focus on a core area, such as technical documentation, vulnerability handling, and risk management. These workshops will guide participants through using the OSCRAT tools to address these compliance areas.

#### Dates:

- January 28, 2026
- February 23, 2026
- March 30, 2026
- April 27, 2026

#### Register to the Workshops!

These workshops are designed to be practical and interactive. Don't miss out – register now to secure your spot!

## 4. Participation at BCC2025 & CRA Standards Unlocked - EU Tour in Zagreb

OSCRAT participated in **BCC2025** on **October 7-8, 2025**, where we presented the project's progress and showcased our tools.

We also participated in the **CRA Standards Unlocked EU Tour in Zagreb** on **January 20, 2026**. It was a great opportunity to engage with stakeholders and share insights into the OSCRA project.

## Stay connected with OSCRA!

We're excited about the progress we've made and the opportunities ahead. As we move forward, **we encourage all SMEs, cybersecurity professionals, and stakeholders to continue engaging with us**. Whether you're joining our upcoming workshops or sharing your feedback through our stakeholder survey, your involvement is key to ensuring OSCRA meets the needs of the community.

Follow us on LinkedIn to stay updated on the latest developments and events. Together, we'll help SMEs navigate the journey to CRA compliance with confidence and ease.

**Thank you for being part of the OSCRA community!**
